About Arima

Who We Are?

- » About arima
- » Vision
- » Visit Our Chairman
- » Milestone
- » Global Operations
- » Arima Group

Arima Group, not merely a publicly-held OEM / ODM company, has moved beyond to be the leading integrated service provider headquartered in Taoyuan, Taiwan, with the full-ranged professions and core technologies to design, manufacture, and deliver completely seamless integrated customized solution!

As what miscellaneous does, Arima meets diverse customer

needs with its miscellaneous product lines that incorporate Notebook, Server, Internet Appliance, Set-top Box, PDA, Disp Optoelectronics, Communication Products and any other anticipated in the future! As what global does, Arima enables customers to net the needed supports of Arima products, technologies, and services with the worldwide manufacturing, service and R&D facilities in Taiwan, China, Europe, Japan, and North America!

Long-term Partnership and R&D Capability are the most precious assets of Arima! By translating integrated services and advanced technologies into business value along with Arima ERP and SCM system, the company provides customers the abilities to achieve zero inventory & in-time service, save costs & time-to-market, increase profits & competence, and concentrate on their anticipated market needs & customer services that are all key drivers for top-tier business!

Arima's climb to market leadership is resulted from the synergies we have created for customers through the Reliability of product, Reengineering of technology, Responsiveness of service, Responsibility of business and the over-a-decade Reputation of Arima! These attributes commit you the quality needs of today and catalyze your successful moves of tomorrow!
